DESCRIPTION

Quincycles and Save the Harbor Save the Bay invite you to join us for our Beaches Ride on Saturday, June 2 — join us early for the longer ride or join us later for the last portion of the ride for a shorter route. Whichever route you choose, the first 60 riders to register will receive a t-shirt, and are welcome to join us after the ride for a luncheon at Gaveston's Deli at Marina Bay with support from Save the Harbor/Save the Bay.

This ride is also the first in our 3rd annual series of Neighborhood Rides. Follow us for updates on the rides in Roxbury, Dorchester, Roslindal, and Mattapan.

23 Miles and 10 Beaches Ride Option (7:30am)

Meet at Anderson Bicycle, 380 Washington Street at 7:30am

Cycle with us along Quincy's coastline and enjoy the views from our beaches. Approximately 23 miles. We will ride the Quincy shoreline via Quincy Point, Adams Shore, Germantown, Houghs Neck and Merrymount communities and then along Wollaston Beach. It is our goal to maintain a pace of 12mph and minimize stops during this ride. We will take a break at the Kennedy Center and meet up with the Short Ride group at 9:30 before continuing around the coast of Squantum as described below. If you reserve a spot for this ride you do not need to reserve your spot in the shorter ride.

Bike the Beaches of Quincy Ride

by Quincycles

DATE AND TIME

Sat, June 2, 2018
7:30 AM- 12:00 PM EDT

LOCATION

Anderson Bicycle
380 Washington Street
Quincy, MA 02169

Free

Squantum and Marina Bay Ride Option (9:30am)

Meet at the Kennedy Center, 440 East Squantum Street, Quincy at 9:30am

This portion of the ride is for those cyclists who want to enjoy Quincy's coast but not quite all of it. Approximately 8 miles. Cyclists will join the group from the longer ride for a more relaxed ride around the coast of Squantum to Squantum Post then back via Marina Bay to Commander Shea Boulevard and a bike path around the Moorings and then back to Squantum Point Park.

Quincycles rides are open to members and non-

members. Bicycling involves certain inherent risks. Your participation in a Quincycles ride constitutes your agreement to this [Acknowledgement, Waiver and Release](#). Please review our [Ride Guidelines](#) before the ride and check our [Facebook page](#) for weather related updates.
