Another reason to love M Street Beach and it's not the beautiful and buff people that go there.

According to Save the Harbor/Save the Bay water quality report, South Boston for the second year in a row has the cleanest beaches in the Boston area receiving high marks in having water that is safe to swim in and for passing 100% of their bacteria tests last summer. South Boston is also the cleanest urban beach in the country! Hawaii and Florida has nothing on Southie!

You can download the complete 2016 report card and the data on which it is based at <http://www.savetheharbor.org/Content/beachesreportcard/>
